

## EDUCATION

Grand Rapids Right to Life works to restore protection for the vulnerable unborn and the elderly by impacting public opinion through education on the value of all human life. This is accomplished by organizing public talks, sponsoring film screenings, maintaining a speakers' bureau, distributing literature at fairs and expos, and supporting the work of local crisis pregnancy centers.

## YOUTH OUTREACH

Grand Rapids Right to Life knows that, in order to restore a culture of life, it is vital that young people are educated on the reality of life issues. By working closely with area youth groups, high schools, and colleges, the Student Coordinator creates, develops, and promotes programs that foster respect for all human life. Events include an annual youth rally, monthly gatherings, and volunteer activities.

## LEGISLATIVE ACTIVITY

Grand Rapids Right to Life participates in the legislative process by helping to elect officials who will vote for prolife legislation and by encouraging legislators to pass laws that respect all human life. These efforts are essential to restore the sanctity of life in the government. It is crucial that representatives at all levels of government protect and preserve innocent human life.

## GET INVOLVED

Grand Rapids Right to Life is composed of grassroots people of different political persuasions, various faiths, and diverse economic, social, and ethnic backgrounds. Your time, talent, and resources are needed to restore a culture of life. One more volunteer involved, one more dollar contributed, and one more prayer said will help to educate the local community and to pass prolife legislation.

Grand Rapids  **RIGHT TO LIFE**
